# Dedicated with Love to Tommy Blackshaw

November 27, 1997 - June 22, 2015

"I think about Tommy everyday - there's never been a day where he hasn't crossed my mind. Life has been completely different without him. Tommy is still in my heart and continues to influence my everyday life. I would like to briefly write about the day of June 19th: 3 days before Tommy passed away. This was the last day I ever saw Tommy in person. There was something special about this day. Tommy and I spent all day together- quite literally. The craziest thing was that it was just he and I doing our own thing, with no one else, which is what we liked to do sometimes. We spent a lot of time just driving aimlessly around town in his 2008 Ford Mustang GT. We were mostly planning out the crazy things that two teenage dudes were planning for the summer such as surfing, hiking, suburban kayaking, adventuring, lighting fireworks, and even a Taylor Swift concert. We spent that evening making dinner for ourselves at my house, then proceeding to make a mean batch of cookies. I remember Tommy actually went home with one of my own t-shirts that night, because he spilled spaghetti sauce on a shirt of his own. Late that night when it was time for Tommy to go home I sent him off with the classic "fist bump" or "bro fist," because that was our way of saying "see you later." I continued to keep in touch with him that weekend via text and snapchat. As I was wishing him luck just hours before he went into his operation, he sent me one last selfie of him giving a thumbs up that said "see you tomorrow." Everyday I see someone or something that brings me back to a memory that I had with Tommy- whether it be a person, event, or activity we used to do together. I now realize how cherished these memories are. The biggest lesson I think anyone can learn after knowing Tommy is to live life to the fullest extent possible, no matter what your limitations may be. Tommy's seventeen years of life certainly did not go to waste because he knew how to seize the day and to make every moment count. Tommy has touched my heart and so many others, and I will forever be grateful to have been one of his bros."

- Dan Holman

"I have written this tribute to Tommy at least 20 times and none of them have reflected the pure joy that was Tommy. I listen to the song played at his service every morning and think how much I miss him. I saw how much he gave to everyone around him, whether he knew them or not and now I am trying to write my feelings about him. No matter what words are written here, no matter how many adjectives used, they just aren't enough to tell you what an exceptional young man he was.

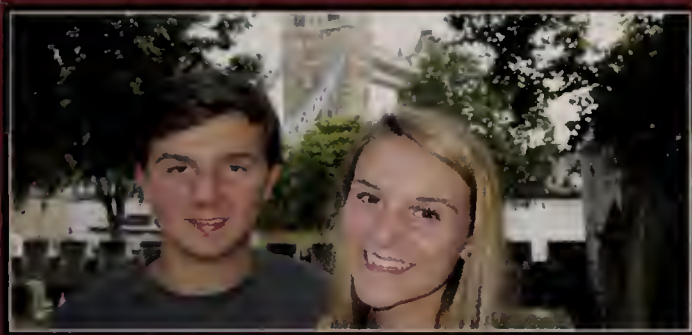

I met Tommy Blackshaw when he was a freshman with a dislike for Biology and being organized. Those things were not important to him, even though his grades were. We first worked together after school clearing out hordes of crumbled notes, tests, and other papers that he had collected along the way. Tommy soon became a member of TEAMM and I had the privilege of seeing him everyday. He brightened our world. He stopped what he was doing to help anyone who needed help, without being asked. He sensed when someone needed a kind word or a Tommy Blackshaw smile. He talked about skiing, surfing, cars; he would forget to charge his phone so often that we bought him his own charger to leave in TEAMM; he never complained, even though he had every right. He never felt badly for himself, he continually gave of himself. They say Tommy needed a heart. It's hard for me to understand that. Tommy had the biggest heart I have ever seen. He loved everyone, unconditionally. He was everything we want our students to be. Respectful, honorable, kind, empathetic, and driven to be his best, always.

As I stated in the beginning, words do not summarize Tommy. If you had the honor of knowing Tommy, you should be eternally grateful, as I am, because we witnessed unconditional love and we walked with an angel on earth. I will carry Tommy in my heart forever and I am a better person because of him. Thank you Tommy for choosing NAHS and thank you Sandy and Tom for sharing him with us."

- Donna Cody

"One of my best memories of my friendship with Tommy was made in our afternoon Kindergarten class. From day one, we made a good team and did everything together. We played everything from hand puppets to coloring and would only stop for a snack. One day at snack time, my blood sugar level began to run low, and Tommy offered me his juice pouch to help me. While doing so, our teacher began to scold Tommy for breaking the classroom no sharing snacks rule. Knowing I needed help and trying to stand up for me, Tommy replied, "He has diabetes, so he can have it!" From that moment I knew I had made an unbreakable bond with my new best friend. A friend who would stick with me through thick and thin and a friend who would stand up for me when I needed help. We made a friendship I will cherish forever."

- Kenny Delatorre

"Tommy was the bravest person I had ever met. His optimism and enthusiasm made a lasting impact on the lives of everyone he knew. He was well grounded, but never shied away from an opportunity to adventure or explore. Tommy was a genuine person and a true friend. His kindness, generosity, and resilience will never be forgotten."

- Marc Maren

"If there was one thing I learned from having the pleasure of knowing Tommy, it's that you can keep a positive attitude in life no matter what the circumstances are. Through all of his obstacles Tommy remained optimistic and never let a single thing ruin his day. Tommy's positivity was contagious and it was impossible not to have a good time while hanging out with him. I will always remember Tommy for his positive energy and his ability to put a smile on anyone's face."

- David Bel

"Tommy was a friend, a classmate, a teammate, a son, and a brother. If he wasn't one of those, all you had to do was talk to him for five minutes to realize how special of a person he was. He put passion and heart into everything he did. Whether it be assisting his classmates on homework, annoying his sister, or making YOUTUBE videos almost everyday to keep his subscribers happy. Tommy was good at making people happy. Other kids in his situation wouldn't have attempted half the activities he did, never mind be given the opportunity thanks to his incredible parents. The two activities I am most referring to are skiing and surfing. Tommy was a phenomenal skier. We used to see who could get down the mountain the fastest while going through the glades(trees). This usually ended in me entangling myself in a bush. Thankfully Tommy wouldn't go far ahead so he'd be there to get me out, after he took a picture and had a good laugh of course. And surfing, well let's just say he loved being in the water and his dad and I were always there to make sure he didn't drown."

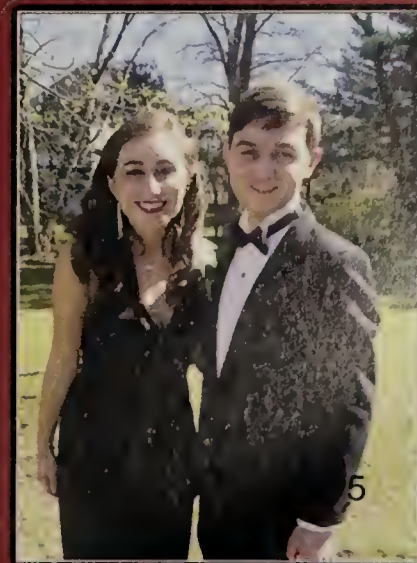

It is not possible to tell you everything Tommy and I endured, how much I miss him, and how much I learned from him in one paragraph, but I can say that Tommy is and forever will be by my side on all my adventures, and if you got the pleasure of knowing Tommy, he will be by yours too."

- AJ Keating

"Thomas Stewart Blackshaw? The kid who had a smile that could brighten up the room? That tall boy with brown hair whose smile was contagious? No one could compare. The way he lived his life, the happiness he brought to everyone. He wasn't just your average high school teenage boy. He was the most optimistic and loving classmate, student, and friend. For a teenager to be going through what Tommy went through, he was always worrying and caring for everyone around him and their well being. He taught everyone how to live their life to the fullest, no matter what circumstances you were under. He was a TEAMM student which is what made us closer, and I couldn't be any more thankful for that. Despite his hardships he faced day to day, he came to school with a smile on his face and worked as hard as he possibly could to make everyone else happy. We are so blessed to say Tommy was in our grade and to have shared the memories we made with him."

Whether Tommy is in our spirit or walking across the stage with us, he is a part of us that we will never forget as an individual, and as the class of 2016. As a graduated class let's do the impossible for him like he would want us to. He will always be in our hearts forever and always. We'll see you again Tommy, this isn't goodbye it's I'll see you later. Or as Tommy would say, 'Peace out, goodbye'."

- Olivia Guertin

# *The Editors*

---

As editors of the 2016 Yearbook, we chose to create a timeless and classic theme to represent our year at North Andover High School. We hoped to capture the experience that everyone will remember for the rest of their lives.

Firstly, we would like to thank Mrs. Wolf and Ms. Bradbury. You have both kept us organized and on task; without your guidance this yearbook could never have been completed. You supported us from start to finish and we truly could not have done this without you. Also, we would like to thank Tom Keeley and everyone at Jostens for working behind the scenes and providing us with everything we could have needed to create this yearbook. We'd also like to thank Prestige Portraits for capturing all of our memories in photo. And lastly, thank you to our Junior Editors Lilly, Kate and Neema. We are so appreciative of all of your hard work!

With this year coming to a close, we would like to congratulate the Class of 2016! The day we have all been waiting for has finally arrived and it is time for us to part our separate ways. We wish you all the best of luck in the future, and we hope that you will be able to look back at this yearbook and remember the amazing time you had at the North Andover High School.

Sincerely,

Anna Kookan, Marissa Langdon, Danielle McAdam, Shannon McElroy, Hannah Twadelle

# Thank You, Mrs. Strout!

As one has the pleasure to observe Mrs. Carol Strout interact with students in her classes, it is immediately evident that she is a master of the content, but what is even more impressive is the level of student engagement. For over thirty years, this exemplary teacher has shared her natural gift of making both students and colleagues feel valued, welcome, and empowered to embrace and appreciate not only the academic instruction but also the classroom community as a whole. The enthusiasm Mrs. Strout brings into the classroom is contagious and she will be greatly missed at NAHS. The North Andover community is very lucky to have had Mrs. Strout finish her career in our district. We will all truly miss you--Mrs. Strout, you rock!

- The Special Education Department

You have been a magnificent teacher to us for many years and it is going to be hard and difficult for the North Andover High School family to say goodbye for your retirement next year. We wish you the best retirement EVER!

- Ryan Torrisi

Thank You for putting up with my immature behavior at times and you were right that Subway sandwich that I said my mom made was in fact a lie. I hope you can forgive me. Thank you for being an excellent teacher and helping me to become a better writer and reader.

- Anthony Grasso

You helped to make my transition to North Andover High School during my sophomore year successful. You welcomed me into your class and made me feel comfortable and part of the group. You have helped to give me the confidence to pursue my goals in life. Thank you for all you have done and I wish you the very best in the next chapter of your life!

- James Bougioukas

You have helped me so much through high school. I would not be here if it weren't for you. You are the reason I am receiving my diploma this week and can now go chase my dreams. Thank you for always being there and motivating me.

# Tommy Blackshaw

11/27/97 - 6/22/15

Tommy,

You brought so much JOY to our lives. From the day you were born; Thanksgiving 1997 right up to laughing with you when you were wheeled into the operating room Fathers Day 2015. You faced more challenges in your 17 years than most do in a lifetime. Never once did you complain, feel sorry for yourself or try to gain advantage by exploiting your health. Through your courage and bravery you taught us how to be better parents, sibling and people. You truly saw the best in everyone, and the best in every situation. We learned to focus on what was really important, enjoying the moment and not worrying about the small stuff.

You were always a happy child; you woke up every morning with a smile on your face and ready to embrace the day. It was like you knew life was precious and you were going to enjoy all of it. You were afraid of nothing and many times we had to hold you back from doing what you wanted to do. You were a fun person to do anything with, we really enjoyed our time with you, you were not just loved, you were adored. You will be missed by many people; you touched so many lives with your smile, warmth, sense of humor, optimism, and strength.

Love, Dad, Mom, Katie
